# PROTECT OUR WILDLIFE AND IMPROVE QUALITY OF LIFE ALONG BURNT STORE RD

Hundreds of wildlife are killed every year on Burnt Store Rd.

By signing, you will express your support for the Burnt Store Corridor Coalition's (BSCC) efforts to protect our wildlife, and prevent wildlife killings along Burnt Store Road

## Goals:

- We are calling on the Commissioners of Charlotte and Lee Counties to do new environmental studies of the Burnt Store Corridor. (Charlotte County's last study, The Burnt Store Area Plan, was done in 2005)
- Strongly consider wildlife corridors as a solution to this problem. (The 2005 Study recommended 6 which have not yet been developed.)
- Make an environmental study a priority to improve wildlife survival and road safety.

## Burnt Store Corridor Coalition (BSCC)

*A coalition of 10,000+ residents in 12 communities in the Burnt Store Corridor*
